BRI Care Consultation

An evidence-based care coaching program

“BRI Care Consultation includes a wide variety of topics and resources to engage in discussions with clients. In addition, the computer system is easy to navigate, includes helpful reporting measures and is effective in keeping our staff organized and efficient with larger case loads.”

- Jennifer M,
Alzheimer’s Association

Benjamin Rose Institute on Aging provides licensing, training and technical support to organizations offering BRI Care Consultation, an evidence-based care coaching intervention for people with chronic conditions and their caregivers, such as Alzheimer’s disease, diabetes and heart disease.
